CAMPAIGN OF CALUMNY AGAINST **AIRLINE MANAGEMENT SUPPORT LIMITED**

Our attention has been drawn to the wicked lies of one Kamani Desmond in **Focus Naija** and Mike Nifemi in **Nobles Forum**, against Our Client, Airline Management Support Limited (**AMSL**). Before then, we found out that similar falsehood had been peddled by a character with a pen name Mediaguru55 in **Naira Land Forum** and another faceless mandarin in **News of the People**.

We wish to inform the general public that AMSL is an internationally recognized company dully certified by local and foreign regulatory agencies, to provide specialized support services to airlines and aviation companies, according to world best practices.

As a result, we implore the general public to ignore any unverified negative report or misinformation against AMSL and rather approach the appropriate government agencies saddled with airline investigation for accurate report or information on any incident or matter pertaining to the aviation industry.

We assure the general public that the law will soon catch up with the above characters and their collaborators in the on line media circulating defamatory publications and campaign of calumny against AMSL.

AMSL shall continue to be focused in its service delivery and provide adequate support to airlines within and outside the country according to its widely acclaimed objects.
